Most important issues
#1 RISING TAXES.
(1) Taxes: rates (too high) and how to spend taxes (public workers receive enormous benefits, especially pensions --> as a society, we are going bankrupt in order to pay retired public workers to NOT WORK!) -- pensions are unsustainable; (2) General allocation of tax dollars, but currently largest single issue is location of City government: to move or not to move
1 GROWTH-HOW TO HANDLE? AND 2 AFFORDABLE HOUSING FOR YOUNGER COUPLES.
1 IT IS GROWING TOO FAST IN POPULATION WHILE THE FACILITIES AREN'T BEING EXPANDED AND UPDATED. 2 NEED MORE HIGHER END APARTMENTS FOR NON HOMEOWNERS.
1 RELOCATION/DEVELOPMENT OF MUNICIPAL BUILDINGS-ESP. THE LIBRARY 2 SCHOOL SYSTEM GROWTH-ESP. HIGH SCHOOL.
1 SCHOOLS-SCOTT WALKERS TOOLS TO REDUCE OUR TAXES. 2 LAKE FRONT DEVELOPMENT.
1) City is mis-allocating funds for projects, when they should be taking care of their work-force. 2) Stop trying to use the old Delphi property for a city hall and library; use the current property and rebuild as it was going to be
1) FIX 13TH ST. 2) MORE EFFICIENT LEFT TURN SIGNALS ON HOWELL AVE.
1) OVERSPENDING TO DEVELOP THE OLD DELPHI PROPERTY. 2) OVERSPENDING IN REHABILITATING LAKEFRONT.
