Question 25: Library and City Hall Location

		The Library and City Hall should be moved to a new town center at the former Delphi site.	The Library and City Hall should remain where they are.	The existing Library and City Hall property should be made available for use by the School District for a future expanded high school campus.	The Library should be moved to the Delphi site, and the City Hall should remain at the current location.	It doesn't matter where the Library and City Hall are located, as long as it doesn't impact taxes or levels of service.	The Library and City Hall should move to another site, and the current site developed for economic use.
